

TORQUAY MUSEUM

AN EXPLORERS' SEASON

OCTOBER 2017 TO FEBRUARY 2018

'THE LOST CITY OF Z' EXHIBITION

25th October 2017 to 17th February 2018.

Perigal Room, Torquay Museum

For the first time a substantial exhibition on the legendary Torquay-born explorer, Col. Percy Harrison Fawcett, will chart his incredible search for 'The Lost City of Z' in the Amazon Jungle, displaying fascinating items from the Museum's archive - many for the first time. Also on display will be props from the recently released and critically acclaimed Hollywood Film, 'The Lost City of Z', which has brought Col. Percy Harrison Fawcett's tragic story to a larger audience. The Museum was involved with the production of the film and some of the props were based on archive items housed from the Museum. This exhibition has been made possible by a Heritage Lottery Fund Sharing Heritage grant.
