

Class: Turtle

Group: Whole Class

Week beginning: 23rd March

Welcome to home learning.

Dear Parents/ Carers

Now that we have had confirmation of school closure by the Government, I would like to provide you with information regarding distance learning. However, we appreciate that children completing work is dependent on children being well enough to do so.

This information can be found on the school website – please follow the tab on the front screen labelled ‘Coronavirus’. When working at home, our expectation for learning will be set for the week, by the class teacher, every Monday morning by 9:30am. This will be emailed via Class Dojo and will also be posted on the school website, on the Coronavirus tab under Home Learning. The class teacher will outline the learning for the coming week and will break down the learning into the days of the week. We will modify and improve Home Learning as the weeks go by. We have also included a possible timetable to show how you may like to structure your day around home learning. We recognise this may not work for everyone but is a starting point.

Whilst communication with your child’s class teacher is important during these unprecedented times, we do ask that parents remember that teacher’s will be working in school with children of the Key Workers, who are critical in the effective delivery of the government's response to COVID-19. Teachers will be communicating with many families and therefore all communications should be essential and succinct. Teaching staff will aim to respond to all communications within two working days and during working hours.

We continue to take this situation very seriously and I am very proud of the team who, with their own worries and questions, continue to provide a calm and safe space for our Key Workers’ children whilst providing home learning for those unable to come to school. May we keep in our prayers our families and staff members who are self-isolating or unwell at the present time. Thank you for your continued support and understanding.

God bless,
Kelly Dunne
